

STUDENTS' MEETINGS.

It is felt by many students that a regular London Committee should be appointed to deal with Association matters, summon necessary meetings, and act as a general reference and centre, now that the late Secretary and present Editor and officials are all far removed.

The following are therefore being voted for, that from them such a committee may be formed, to arrange among themselves a meeting in which to determine the dates of their future assemblies, and the quorum necessary to constitute a meeting representative enough to transact business. Will the undermentioned therefore kindly correspond on the subject with one another, and communicate the result to the Editor by March 1st? Perhaps Miss Bernau would undertake to let the Editor know the result.

TUNBRIDGE WELLS and SOUTH COAST.

Will any students who could possibly attend a meeting in Tonbridge or Tunbridge Wells on Saturday, March 7th, communicate with the Editor at once, that a meeting of southern students may be arranged for that day.

PRESENTATION TO MRS. FIRTH.

We are sure that all those students who have hitherto enjoyed and profited by Mrs. Firth's "Picture Talks" will learn with great regret that she is leaving Ambleside, and that future generations of students will not enjoy the privilege of being introduced by her into the world of pictures.

We feel that we ought not to let this moment pass without doing something to indicate our gratitude and thanks, and it has been proposed that a small presentation should be made in the name of all ex-students.

Miss Gray would be glad to receive any contributions before February 20th, at High Stroatley Cottage, Haslemere. We hope that such a sum may be contributed that some worthy tribute to the many kindnesses we have received in the past may be rendered possible.
